

# PUBLIC LEDGER

WEEKLY REPUBLICAN—1907.  
DAILY PUBLIC LEDGER—1908.

MAYSVILLE, KY., TUESDAY, DECEMBER 15, 1903.

ONE COPY—ONE CENT.

**REMARKS.**  
Oh why should the spirit  
Of grammar be proud  
With such a wide margin  
Of language allowed?  
Of course there's a limit—  
"I knowed" and "I saw,"  
"I seen," and "I done it."  
Are rather too raw;  
But then there are others  
No better than they  
One hears in the talking  
He hears every day.  
"Where at?" asks one person.  
Quite thoughtless, and "Who."  
Asks another, "did Mary  
Give that bonnet to?"  
Hear a maid as she twitters:  
"Oh, yes, I went out  
With she and her fellow  
In his pinabout."  
And hear a man saying:  
"Between you and I,  
That block of Pacific  
Would make a good buy."  
And this from a mother,  
Too kind, to her boy:  
"I had rather you shouldn't  
Do things to annoy."  
And this from a student,  
Concerning a show,  
Who says to the maiden:  
"Let's you and I go."  
There's lots of good people  
That's talking like that.  
Who should learn from we critics  
To know where they're at.  
—Will J. Lampton.

## TO SUPPLY THE WORLD

Kentucky Coal Fields Will Be Turned To In Future.

## A STRIKING EXHIBIT TO BE MADE

Mineral Committee of Kentucky Exhibit Association Allotted Excellent Space at Exposition in Which to Show the State's Wonderful Resources of This Character—The Display On a Broad Scope.

The space allotted the Kentucky Exhibit Association for the several displays to be made of the State's products and resources in the different exhibit palaces of the St. Louis Exposition is quite as prominently located in the mammoth structures as in the Kentucky Building on the grounds. Starting with the reservation made for the mineral resources in the Mines and Metallurgy Building it is no effort to show how well the State that gave to the world the president of the Exhibition, Hon. David R. Francis, born in Madison county, has been taken care of.

At the west corner of the Mines Building, where crowds coming from the walks around the Grand Basin and from the Restaurant Pavilions will pour in, rests the space in which will be shown the wonderful mineral resources of Kentucky. Here in one spot is three thousand square feet. In addition to this, distributed at intervals through the building, will be duplicate displays of coal, clay, iron, lead and zinc and mineral waters in the various collective exhibits. In the general display, naturally coal is given prominence. A year ago one of the leading operators of the State made the assertion in a paper read before a body of prominent financiers that fifty years from now the coal fields of Great Britain and the coal fields of Pennsylvania would be all but exhausted and that the world must needs turn to the Kentucky fields for its coal supply. This gentleman was no idle dreamer. He spoke of the rich veins in Eastern Kentucky and the rich veins in Western Kentucky. He talked in figures, not in fancies. It will be one of the purposes of the Exhibit Association to prove in its coal exhibit, by geographical maps and charts, and by constantly increasing productions, that the statement is to be borne out by the future.

It is believed, too, that the clay deposits of Kentucky hold in their grasp the coming years of this great industry. What these deposits will bring forth only time can tell, but that they will not be disappointing has been

scientifically demonstrated. The same might be said of the State's lead and zinc ores, her asphalt rocks, her materials for limes and cements, her building stones and her lithographic stones. All of these things are to be given due prominence in the Kentucky display.

And petroleum! The Standard Oil company has its fingers on the pulse of this growing infant, and the infant that the Standard Oil company takes time to feel the pulse of is certain to grow rapidly. The Mineral Exhibit Committee of the Association will be able to show oil from the various sands of the state. During the past month there was erected in Lexington by Professor H. Kastle of the State college a refinery especially to get the product from Kentucky's petroleum to show in the state's mineral display. There will be at least fifteen different samples displayed in extenso, from the crude form even to the paraffine. One of the unique features of the petroleum display will be a bottle of oil from the first well bored in the United States. This well was situated in Cumberland county, and was struck while boring for salt water. When this well was sunk—in 1829, before oil was heard of in Pennsylvania—the crude oil was put up in bottles by the American Oil company, and sold all over the United States at fifty cents per bottle, eight ounces, as a cure for cuts and bruises and sores of all kinds of man and beast. It was not thought of that time for illuminating purposes.

Another striking mineral exhibit will be massive blocks of onyx, while it is the hope of the committee to be able to get a very fine collection of gems from Elliott county. To all of these things will be added in proportion to their wealth polishing and scouring materials and molding sands, road materials, barite, fluorite, iron, coke, etc., etc. In one corner of the display there will be geographical sections. In another a large geographical map. Much space is also to be devoted to cases with different exhibits. Mineral waters will also be attractively displayed. Eleven of the most noted springs in the state have already agreed to furnish water in bottles with especially designed labels and water to be served on tap, gratis. The water to be given away will be placed in the Kentucky Building, the different springs to alternate in the time of serving.

Former Mayor Charles P. Weaver of Louisville is the chairman of the Mineral Exhibit Committee of the Association; Professor C. J. Norwood of Lexington is the chief counsellor thereto, and W. U. Grider of Bowling Green is the field representative.

Minnesota will exhibit, at the World's Fair, a series of photographs of flower vegetable gardens cultivated by the pupils of her public schools.

## Xmas Perfumes at Ray's: bottle and bulk.

Frank Feldhouse died Sunday at Murphysville, and his remains were interred yesterday at Washington. He was about 40 years of age and is survived by his wife and two children.

Suit against the Goebel Reward Commission and on behalf of William Harding and Dee Armstrong of the Louisville Detective force, will probably be filed this week in the Franklin Circuit Court. The detectives claim \$5,000 of the reward fund for their assistance in the arrest and conviction of Henry E. Youtsey.

The druggists of Kentucky will this week take definite steps to organize the mutual fire insurance company which has been talked of for the past six months. A prospectus of the proposed company is now in the hands of the printer and will be sent out to all of the 3,000 druggists in the state within the next few days.

## Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. E. J. CHENEY & CO., Toledo, O. Sold by Druggists, 7c.

Hall's Family Pills are the best.

## A FRIEND OF THE FAMILY.

Manager Charles Scott of the Lexington Opera-house in a personal letter says: "A Friend of the Family" is one of the best shows I ever had in my house. Advise everyone to go and see it. It is a laugh from start to finish." The management of Washington Opera-house guarantees this to be one of the best of the season's bookings and with such excellent people as Miss Alice Johnson, Mr. George W. Barnum, late leading support of Mrs. Leslie Carter (who is with this company by permission of David Belasco) Harry Maxwell, Emile Le Croix, Violette and Lucile Villiers and others of equal prominence. The date is Thursday evening and the seat sale is now on at Ray's Druggists.

## The Lone Star Stair.

Down in Texas at Vankum is a big drygoods firm of which Mr. J. M. Butler is the head. Mr. Butler, on one of his trips East to buy goods, said to a friend who was with him in the palace car, "Here, take one of these Little Early Risers upon retiring and you will be up early in the morning feeling good." For the "dark brown" taste, headache and that foggy feeling DeWitt's Little Early Risers are the best pills to use. Sold by J. Jas. Wood & Son Druggists.

Chicago is to pay \$75,000 and furnish a hall for the next National Republican Convention. What the delegates and visitors will pay Chicago will be a sight.

At Chicago the Pressfeeders Union has been fined \$1,000 for assaulting non-Union workmen and disobeying an injunction by Judge Holman. That ought to hold 'em down for a few days.

The National Republican Convention will be held in Chicago June 21st next, to nominate candidates for President and Vice-President. From all the able men of the Republican party a ticket ought to be named which can and will carry the state of New York.

A VALUED subscriber asks THE LEDGER to devote less energy to "Teddy" and more to MARK HANNA. Well, Mr. HANNA says he is not a candidate for the Presidency; if he were, it would afford THE LEDGER much pleasure to support him, for he has the reputation of doing the things he says he will. However, the Republican party has quite a number of men in its ranks who would make good Presidents.

CONGRESSMAN KENOE is after Fourth Assistant Postmaster General Bristow and the Civil Service Commission at Washington, and also some of the local Republicans, because the appointments of half a dozen or two Democratic Rural Mail Carriers have been "held up" in this county. The Democrats claim that the "examination" was fair; the Republicans say it wasn't—so there you are? However, JAMES, turn the rascals out!

The "open shop" is the issue soon to be settled between employer and employee. Following an agreement made with the Electrotypers and Stereotypers Unions by the United States Printing Company that after January 1st, 1904, it will retain only Union men in its employ, Justice MAREAN, in the Supreme Court at Brooklyn, N. Y., has granted an injunction restraining the Company from discharging the two hundred non-Union men in its Brooklyn shop.

Doctors should be a bit more careful—at least some Chicago carvers should be. Two years ago Dr. WASHBURN of Rensselaer, Ind., was operated on in the Presbyterian Hospital at Chicago. A few days ago he died, and an autopsy revealed the fact that the Chicago operator had left a pair of six-inch steel forceps lying near the patient's liver, and had sewed him up and shipped him out in that condition. The tongs, which had rusted, caused the Doctor's death.

Robert L. Hoeflich,

If you want to find a striking example of the beneficent effects of the much-vaunted Civil Service Law it will not be necessary to go beyond the Maysville Post-office. In 1893, the office was conducted under the odious "spoils system" by a Republican Postmaster, every one of whose employees were Republicans also. How well the affairs of the office were administered, what improvements in the service were made by the introduction of Letter Carriers, and by the general overturning of old things and the substitution of business methods, are matters known to every patron of the office of that period.

In view of what was done ten years ago under the "spoils system," it may be of interest to know what Mr. ROOSEVELT's boasted "merit system" has accomplished ten years later; for be it known that the office is now administered under the Civil Service Law, and that every man in its employ is supposed to possess the very highest degree of intelligence, rapidity of execution, and accuracy in handling mail matter.

Copying from the Report of the Auditor for the Postoffice Department for the fiscal years ending June 30th, 1893, and June 30th, 1903, the case stands thus—

SPOLDS SYSTEM—1893.	MERIT SYSTEM—1903.
Gross Receipts.....\$12,743.25	Gross Receipts.....\$14,215.48
Expenses.....\$2,300.00	Expenses.....\$2,400.00
Salary of Postmaster.....\$2,300.00	Salary of Postmaster.....\$2,400.00
Clerk hire.....1,400.00	Clerk hire.....3,637.50
Postage.....700.00	Postage.....700.00
Incidental expenses.....41.01	Incidental expenses.....431.12
Free Delivery.....1,877.59	Free Delivery.....2,025.21
Total expenses.....\$6,319.50	Total expenses.....\$9,703.83
Net revenue.....\$6,423.75	Net revenue.....\$4,511.65
Per cent. of expense, 50.	Per cent. of expense, 68.

Here is shown, as a solace for the "magnificent" merit system, an increase of only \$1,472.23 in the gross receipts, as an offset to a loss of \$2,002.10 in the net revenue.

The other notable increases are \$2,237.50 in the item of clerk hire alone, the "merit system" requiring \$3,637.50 to pay clerks for practically the same work that the "spoils system" accomplished with \$1,400!

Then the item of "incidentals" grew from \$41.91 under the "spoils system" to \$431.12 under the "reformers," while the per cent. of expense to gross receipts rose from 50 under the old plan to 68 under the new.

The increase in the Free Delivery is due to the law which advances the pay of Carriers according to classification.

In 1893 the per cent. of expense of the Maysville Postoffice was the lowest of any office having Free Delivery, and not in a Government Building, in Kentucky; in 1903, it was the highest, with the exception of Hopkinsville.

All of which is respectfully referred to the Washington demagogues who preach Civil Service reform while they promote organized raids on the Public Treasury.

Mr. James E. Brown, who has been under treatment at the Good Samaritan Hospital, Cincinnati, for the past few weeks, has returned home much improved.  
Mrs. John M. Shepard arrived home yesterday from St. Louis, whither she had been called by the serious illness of her granddaughter, whom she left much improved.

## THE OLD RELIABLE

**Absolutely Pure  
THERE IS NO SUBSTITUTE**

President Roosevelt yesterday reappointed Miss Ethel E. Johnson Postmaster at Vanceburg.

Walter Swart of the Buricks neighborhood in Robertson county was en route to Mt. Olivet to secure a marriage license when his horse, stumbling, fell upon him and broke his leg. He had the member dressed, however, and the marriage to Miss Eva Jane Mullikin took place on scheduled time.

The Feast of Lights, which is annually celebrated by the Jews all over the world, was begun Sunday. In the house of every orthodox Jew one light was lighted to commemorate the victory of Judas Maccabeus. The lights will be increased by one each day until next Sunday, when eight lights will burn.

Judge S. H. Patrick of Jackson is seriously ill in a Lexington hospital, and is not expected to live.

Major W. H. Means has been housed for several days with an attack of his old enemy, rheumatism.

The second Pastors' Sunday-school Institute will be held at Louisville, beginning today and continuing through Thursday.

The third section of C. and O. freight No. 74 ran into the rear of second section near Lewis Station Saturday. Engineer William Hamilton of Russell was fatally injured. Fireman H. T. Larrose of Russell and Brakeman Ed Hamilton of Huntington were dangerously injured.

Judge Sterling B. Toney of Louisville has handed down an important opinion construing a section of the divorce laws of the state. Judge Toney holds that a separation of five years is not a legitimate ground for divorce when the petition is filed by the person responsible for the separation.

The case of the Deposit Bank at Frankfort against the Frankfort City Council was reversed in the Supreme Court of the United States yesterday so that the Bank wins its contention. The question at issue was one involving the right to assess certain municipal taxes against the Bank.

The river is full of ice at this point and at 8 o'clock this morning it blocked at the bar for a short time. The Laurance finds it difficult to transport the Aberdeens to this side. Another one like last night will about close the river.

### A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by J. Jas. Wood & Son.

Christmas and Holiday Excursion Rates via the C. and O.

## STOLE THE ARMS

Some Kentucky Militia Officers Raising Funds for Christmas

John S. Stevens is in Jail at Covington with serious charges hanging over his head.

He is First Lieutenant of the Covington Company, Second Kentucky, National Guards, and has seen considerable service during the campaign in Breathitt county.

Since his return from the mountains he has made the Company's armory his headquarters and thus had free access at all times and at all hours.

The authorities estimate that over \$2,000 worth of property, such as Krag-Jorgensen rifles, ponchos, uniforms, blankets, shirts, etc., have been disposed of.

Two other members of the Company are implicated.

Stevens acknowledges having pawned a certain amount of the goods, but insists that he intended to redeem it, and had merely taken this means to raise a little ready money.

Stevens' case is a serious one as the United States authorities have taken the matter up and will make a thorough investigation.

Lieutenant Stevens is a Spanish War veteran.

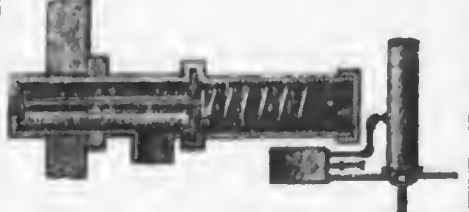

### Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and Whooping Cough. It does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Dr. Armstrong of Dallas, Texas, prescribes it daily and says there is no better cough remedy made. Sold by J. Jas. Wood & Son, Druggists.

In the case of the Collins & Rudy Lumber Co. in bankruptcy before Thomas R. Phister, Referee, the Referee decided that the proceeds from the insurance policies on the property destroyed by fire last May should be paid on the mortgage on the property. Some of the general creditors appealed to the United States District Judge and last week Judge Waddy, who presided, affirmed the decision of the Referee. The amount was about \$4,000. The holders of the mortgage bonds were mostly Maysville parties.

One Hundred Dollars a Box is the value that H. A. Tisdale, Summerton, S. C., places on DeWitt's Witch Hazel Salve. He says: "I had the piles for 30 years. I tried many doctors and medicines, but all failed except DeWitt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures hemorrhoids, bleeding, itching and protruding piles, sores, cuts, bruises, eczema, rheum and all skin diseases. Sold by J. Jas. Wood & Son, Druggists.

### MILLIONAIRE'S POOR STOMACH.

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower cures the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 5¢; regular size, 75¢. At Henry W. Ray's, next door to Postoffice.

Sensational developments are promised as the result of the finding of the body of Duke Hart on the railroad track in Bath county.

## Rheumatism Cured.

Mr. Michael Doran, Youngstown, Ohio, says: "I suffered for a long time with acute Rheumatism in my knee. I tried all kinds of remedies, including an expensive course of electric treatment, all in vain. At the suggestion of my druggist I took a bottle of Paracamp to try. The effect of its use was magical. I got relief at once and after using three or four bottles believe I am permanently cured. It is a wonderful remedy, and upon my advice a number of my friends have tried Paracamp, and the verdict is unanimous that it is all it is claimed to be. I come of my own accord with this statement because Paracamp is a blessing."

Sincerely,  
"MICHAEL DORAN."

Family cares and duties do not weigh down the well woman, and the children are never in her way. But when the womanly health fails, and there is a constant struggle with weakness and pain, household duties are a burden almost past bearing, and children are a ceaseless annoyance and worry.

Weak women are made strong and sick women are made well by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries disagreeable drains, heals inflammation and ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter free. All correspondence strictly private and confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I had been ailing some time, troubled with female weakness," writes Mrs. Wm. H. Johnson, of Avondale, Chester Co., Pa. "Every month I would have to lie on my back. I tried many different medicines and nothing gave me relief until I began Dr. Pierce's medicine. I used two bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery.' These medicines have cured me. When I began your treatment I was not able to do very much, but now I do the work for my family of nine, and feel better today than I have for a year. I thank you, doctor, from the bottom of my heart, for well do I know that you are the one who cured me."

CAPTAIN ED. ANDREWS.  
Captain Ed. Andrews, one of Flemingsburg's best known citizens, died this morning at his home at that place after an illness of spinal meningitis.

Miss Gannon, Sec'y Detroit Amateur Art Association, tells young women what to do to avoid pain and suffering caused by female troubles.

"DEAR MRS. PINKHAM:—I can conscientiously recommend Lydia E. Pinkham's Vegetable Compound to those of my sisters suffering with female weakness and the troubles which so often befall women. I suffered for months with general weakness, and felt so weary that I had hard work to keep up. I had shooting pains, and was utterly miserable. In my distress I was advised to use Lydia E. Pinkham's Vegetable Compound, and it was a real relief to me when I took the first dose, for at that time my restoration began. In six weeks I was a changed woman, perfectly well in every respect. I felt so elated and happy that I want all women who suffer to get well as I did."—Miss GRACE GANNON, 359 Jones St., Detroit, Mich., Secretary Amateur Art Association. —\$5000 for best letter proving genuineness cannot be produced.

When one considers that Miss Gannon's letter is only one of the countless hundreds which we are continually publishing in the newspapers of this country, the great virtue of Mrs. Pinkham's medicine must be admitted by all.

This is unusual. The earning capacity of a man generally begins to decrease with years. But the above quotation was written of a policy of life insurance in The Mutual Life Insurance Company of New York. It is the striking sentence in a letter of satisfaction written by Mr. Ebe Walter, concerning a dividend received on a Fifteen-Year Distribution policy. The entire letter which appeared in the Wilmington (Del.) News, November 21, 1902, is interesting and the policy of insurance referred to is still more so.
